

NALAM360 • MULTI & SUPER-SPECIALITY HOSPITALS

UNIFIED DIGITAL ECOSYSTEM

A PRODUCT OF

HOW IT WORKS

One episode, from the front desk to the claim

Front office, clinicians, diagnostics, pharmacy, the TPA desk and billing work on one episode record. **What is charted at the point of care is billed from the same entry.** OP charges stay on the OP bill; the in-patient claim is raised from the complete episode and tracked to settlement.
